MOHUA SAUVIGNON BLANC 2024

TASTING NOTE:

Pale straw in color with lively citrus, elderflower and tropical fruit aromas. Concentrated flavors of mango, honeydew melon and pink grapefruit lead to a refreshing finish. A mouth-watering wine best enjoyed chilled.

STYLE:

An elegant expression of the world-renowned Marlborough Sauvignon Blanc, bringing distinct and consistent characters to every vintage.

THE SEASON:

From mid-December through to the end of harvest the El Niño weather pattern brought hot and dry conditions. Marlborough experienced its driest 10 months in its 94 years of records (June–March), while it also had its second-sunniest summer on record (848.7 hours of sunshine). The warm, sunny days and lower-than-average yields brought forward the start of harvest, while the cooler nights through the harvest period maintained the region's signature bright, natural acidity.

FRUIT SOURCE:

Lower Wairau, Wairau Valley and Southern Valleys

HARVEST:

14 March – 27 March 2024

CELLARING & SERVING:

Drink now

Ideal serving temp 7-10°
